

Model 42032 F7S/R

Staph-Guard® Open Pocket
Barrier Washer-Extractor

TECHNICAL DATA *

Rated max. capacity:	165 lbs. (75 kg)
Volume:	25.7 cubic ft. (727 L)
Max. extract speed (Gs):	710 RPM (300)
Control:	Programmable microprocessor
Formulas:	100 (98 programmable)
Drive:	15 HP, single-speed, Inverter
Bearings:	Tapered – Grease-lubricated
Water inlets:	0.75" (19 mm)
Drain outlet:	3" (76 mm)
Approx. net weight:	6,113 lbs. (2772 kg)
Dimensions (WxDxH):	67.25" x 74.43" x 87.31"

Features:

- | | |
|--|--|
| Mark V programmable controller | Vacuum fluorescent display |
| Single motor inverter drive | Open cylinder delivers high wash quality |
| Electrically-operated valves | Fresh-water-flushing chemical manifold |
| Programmable overnight bath soak | Ten liquid chemical injection ports |
| Suspension system | Variety of electrical options |
| Control reads in English/second language | |

Why Purchase Milnor?

- Patented, proven air-circulation system to guard against airborne pathogens. **BENEFIT: Helps prevent cross-contamination.**
- Greater cylinder perforated-area generates *better wash quality, better rinsing and better extraction.* **BENEFIT: Better extraction saves dryer fuel.**
- Faster process times reduce fabric wear, promoting *longer linen life!* **BENEFIT: Saves linen replacement costs.**
- High, perforated ribs provide excellent lifting. **BENEFIT: Greater mechanical action leads to better wash quality..**
- 300 G-Force High Extract provides excellent moisture removal. Lower extract speeds are available for uniforms, delicate textiles and blended fabrics. **BENEFIT: Better extraction saves dryer fuel.**
- Programming capabilities are virtually unlimited. Vacuum fluorescent display allows operator to choose formulas from real words, not codes. Controller also provides diagnostic and error messages. Ideal for handling a variety of items. **BENEFIT: Programs deliver gentle and repeatable treatment.**
- Superior product support through local, highly-skilled dealers. **BENEFIT: Faster repairs mean less downtime.**
