

# DOUBLE DECK STORAGE CONVEYOR

Two full levels of hangered garments that operate together at the touch of a button. The Double Deck provides double density for shirts, slacks or other short garments. Available in two configurations: the DS model has fixed lower-level cast aluminum chain and the DW model has removable nylon lower frames. The DW model permits mixing of long and short garments as needed.

| Model No. | Total Hanging Slots | Length of Hanging Capacity | Overall Length with Garments |
|-----------|---------------------|----------------------------|------------------------------|
| GADS200   | 400                 | 40'-0"                     | 11'-0"                       |
| GADS220   | 440                 | 44'-0"                     | 12'-0"                       |
| GADS240   | 480                 | 48'-0"                     | 13'-0"                       |
| GADS260   | 520                 | 52'-0"                     | 14'-0"                       |
| GADS280   | 560                 | 56'-0"                     | 15'-0"                       |
| GADS300   | 600                 | 60'-0"                     | 16'-0"                       |
| GADS320   | 640                 | 64'-0"                     | 17'-0"                       |
| GADS340   | 680                 | 68'-0"                     | 18'-0"                       |
| GADS360   | 720                 | 72'-0"                     | 19'-0"                       |
| GADS380   | 740                 | 74'-0"                     | 20'-0"                       |
| GADS400   | 800                 | 80'-0"                     | 21'-0"                       |
| GADS420   | 840                 | 84'-0"                     | 22'-0"                       |
| GADS460   | 920                 | 92'-0"                     | 24'-0"                       |
| GADS500   | 1000                | 100'-0"                    | 26'-0"                       |
